PORT STEPHENS INNOVATION TRAIL – INNOVATION SUCCESS STORIES

The Port Stephens Innovation Trail is an opportunity to learn from successful innovative companies in Port Stephens and join the Hunter Region Innovation festival activities.

Travel by bus and tour three facilities between Tomago and Taylors Beach; meet the people behind the innovation stories and see how and why they chose an innovative pathway to set themselves apart from their competitors.

There will also be updates given by Port Stephens Council delegates of commercial development activities in Tomago, Williamtown and Taylors Beach.

Also take advantage of networking with other cluster members, expert speakers and Council executives and enjoy a tour and tasting of Murray's Craft Brewery along the bus tour of beautiful Port Stephens.

Specific Content: **See how other businesses have made key strategic decisions to thwart the increasing competitive market conditions**

See examples of innovation at work in manufacturing and engineering design businesses

Learn from best practices available in the region.

Speakers: Boris Novak – CE Solutions
Paul Gray – Marquis Bathrooms
David Wells – All Engineering Services
Lesley Morris – Port Stephens Council
Ron Travers – Murray's Craft Brewery

RSVP: To book your place in this valuable workshop please click here <http://www.surveymonkey.com/s/ipstrail>, call Brendan on 02 4983 2549 or email brendan.brooks@portstephens.nsw.gov.au

Seats are limited on the Port Stephens Coach so be quick to reserve your seat. RSVP Monday, 10 May.

Many thanks to Port Stephens Coaches and Murray's Craft Brewery for their support in sponsoring the event.
